

Durley Parish Council
Public Meeting with Representatives from Southern Water
Friday 13th September, 2024 at 7.00 p.m.
At Durley Memorial Hall
Ongoing Sewage and Heathen Street Pumping Station Issues

Agenda

1. Why does the problem exist?

A summary of the conditions which are contributing and leading to effluent breaches in the roads and waterways which, directly and indirectly, impact residents and businesses.

2. What are the viable options and actions for resolution?

Short-term/Medium-term.

3. What has Southern Water accomplished since the last meeting on 26th April 2024 to address the ongoing problem?

To include a status report on the full assessment of the pipe network to review damage and unplanned storm/surface water ingress.

4. What are the next steps to full resolution? Activities, timeline and responsibilities.

If a full resolution is not achievable within 6 months, what are the interim contingencies? How and when will they be implemented?
Progress of the £2 million project relating to this site.

5. Who will be responsible for providing a monthly status update to Durley Parish Council?

Name and contact details to be provided.

6. Questions from the floor (Residents will be asked to submit questions prior to meeting)

7. Date of next meeting in approximately 6 months, to be agreed.
